ESCAPE ATTEMPT FAILS; TWO DEAD; TWO MISSING

Interned Germans Run to Cover in Marshes.

Two fatalities and a dozen recaptures resulted from last night's futile attempt of the interned German sailors at the Philadelphia Navy Yard to escape from their enforced internment. The runaways were members of the crews of the German sea-raiders, Kron Prinz Wilhelm and Eitel Friedrich.

The account of the recapture and the expressed belief that Lieut. Gorth and Machinist's Mate Herman Schroeder were drowned in their attempt to swim the icy Delaware was embodied in a report made to the Navy Department yesterday by Robert L. Russell, commandant at League Island.

According to Capt. Russell, four of the sailors attempted to escape by land. They were run to cover in the marshes to the southward of League Island.

Some of the men made the attempt to escape in their ordinary German naval uniforms. Others wore civilian attire. At the recaptured men seemed to be plentifully supplied with money.

Not having given up hope that Lieut. Gorth and Mate Schroeder may still be alive, the search for the pair still continues. The recaptured men are now in close confinement in the Marine Barracks prison.

STATUS OF RUSSIAN DIPLOMATS IN DOUBT

Recognition of New Government May Be Put Up to Congress.

The status of the Russian Ambassador at Washington, George Bakhmeteff, and other Russian diplomatic and consular officials throughout the United States, is as yet unsettled. Whereas no doubt exists that the American government will very shortly recognize the newly formed Russian republican government, it still remains that from Bakhmeteff down to the last important consular official the need for new exequaturs and the restitution of these Russian officials in office is necessary before dealing with the Russian government can be regularized.

The State Department is informed by Ambassador David R. Francis at Petrograd that the army and navy of Russia were standing firmly behind the new government. He reported that quiet and order prevailed and the new government had every appearance of stability.

It was suggested that, in view of the tremendous import of the changes in the fundamental character of Russia's government recognition might take the form of a joint resolution of Congress.

FUNERALS.

Funeral services for Mrs. Sara A. O'Meara, who died Sunday at her residence, 27 B street northwest, will be held at 2 o'clock this afternoon at her late residence. Interment will be in Oak Hill Cemetery.

Funeral services for Dr. Otto Frederick Kuehn, who died Monday at the residence of his parents, Mr. and Mrs. William F. Kuehn, 3630 Georgia avenue northwest, will be held this morning at the Sacred Heart Church at 9 o'clock. Interment will be in St. Mary's Cemetery.

AVANT YE BAD TEETH; G. W. U. TO BE ON JOB

Dental Students Volunteer Free Treatment of Students' Teeth.

Dental supplies have risen with the high cost of living and the work of caring for the teeth of children in the public schools, which has hitherto been given gratuitously by the George Washington University Dental School, will in the future involve only payment for materials. This announcement was made yesterday at the regular meeting of the Parent and Teachers' Association in the Oak room of the Hotel Raleigh and \$100 will be contributed by the association to carry on this necessary work. This amount will care for 1,000 children.

Mrs. Giles Scott Rafter, president of the local congress, urged co-operation on the part of the individual units of the congress in the promotion of school gardening.

There were sixteen schools represented at the meeting which was addressed by Mrs. Fred Schoff, of the National Congress of Parent and Teachers' Associations.

On Friday night, there will be a concert and entertainment at the Wilson Normal School, the proceeds of which will be devoted to child welfare work.

MEN OF PLATTSBURG TAKE ARMY EXAMS

Sixteen Washington men who attended the Plattsburg Camp last summer and have since applied for commissions in the officers' reserve corps, will be examined at the administration building, Fort Meyer, Monday. They will have their physical and mental examinations both the same day.

There will be another class examined early in April.

Those included in the list for Monday's examinations are B. W. Underwood, A. A. Carter, C. W. Keegan, William J. Bowman, Loren C. Nelson, Charles Forsburg, David B. Todd, Jr., Walter Bruce Howe, A. W. Thompson, Donald T. Shepard, S. T. Early, R. W. Craig, R. H. Dodson, Edward J. Taylor, R. E. B. McKenney, and Victor M. Locke.

BAKER THANKS MEN AND ROADS FOR AGREEMENT

Secretary of War Baker, as chairman of the Council of National Defense, and following the suggestion of President Wilson and the Cabinet last night, extended the thanks of the council to the railroads and the brotherhoods for settling their differences through the council's mediation committee.

A fight for a compulsory arbitration law was begun before the Newlands Joint Interstate Commerce Committee yesterday by Judge Robert S. Lovett, chairman of the executive board of the Union Pacific Railroad. "We have just had an exhibition of its need," Judge Lovett said.

CASTORIAFor Infants and Children In Use For Over 30 Years Always bears the Signature of *Dr. J. C. Williams***MORGAN ANNOUNCES NEW FRENCH LOAN**

\$100,000,000 in Two-Year Notes to Be Floated in U. S.

New York, March 20.—A new French loan of \$100,000,000 in two-year notes to be floated in this country was announced today by J. P. Morgan & Co. Following is the statement issued at the Morgan offices:

"The French government has authorized us to issue in this country \$100,000,000 of 5 1/2 per cent obligations from the Republic of France. These will take the form of two-year 5 1/2 per cent notes to be secured by high-grade collateral and to be convertible should the holders desire, into twenty-year 5 1/2 per cent obligations of the French government. Both the notes and the bonds free from deduction for any French taxes."

"The notes will also embody a clause permitting the holder at his option to collect both the principal and the interest in France, at a rate of exchange of 5.75, which, should normal conditions of trade and exchange be measurably restored within the life of the notes, would yield a substantial further advantage to the investors."

"This country's volume of trade with France is far in excess of any figures ever reached prior to the war. Our exports in the calendar year 1916, accord-

ing to official reports, had aggregated over \$500,000,000, as contrasted with \$500,000,000 in the calendar year 1915, and \$150,000,000 in the year ended June 30, 1914, the last normal year."

Peeved by the gentle habit Cleveland street cars have of negligence to stop, Joseph Jonesko threw his bucket through the third offender. He actually got a seat—in the police patrol.
